

IS YOUR PACE ORGANIZATION PREPARED FOR YOUR NEXT AUDIT?

Our Senior Consulting team brings over 40 years of combined PACE operations and regulatory expertise to help your PACE organization prepare and respond remotely.

KEY AREAS OF SUPPORT INCLUDE:

Assessing your PACE organization's documentation, care provision, and actions taken to meet regulatory requirements are aligned (i.e. order tracking, plan of care updates, on-call issue follow up, and more)

Ensuring your quality improvement plan is effective, assisting with developing tools to assess gaps, and helping you demonstrate the use of data to improve performance

Evaluating your service delivery request process for compliance with all CMS regulatory requirements

We provide remote auditing support customized to your PACE organization allowing for early detection and correction of non-compliance findings. Contact us today and learn about our remote audit service options by calling 720-937-8328 or emailing info@cpstn.com.
